Dr. Jon Gray

Jon is a United States Coast Guard (USCG) and Texas Parks and Wildlife Department (TPWD) licensed captain and has been fishing and hunting the Texas coast for most of his life. ## YOUTH FISHING CAMPS

Rockport Outdoor Adventures offers an enjoyable and educational fishing experience for families. This week long experience is designed for parents and their children to learn and appreciate wade fishing while spending quality family time together. Four wade fishing camps will be conducted in the summer months. Novices will learn casting, retrieve, and knot tying techniques while accelerated participants will be given the opportunity to perfect their skills. In addition, camp participants will be familiarized with the latest equipment, learn about fishing in a variety of conditions, and taught about conservation.

Youth Fishing Camps will begin on a Sunday evening and run until Saturday morning. This 6 night and 5 day experience is priced at \$1500 per family. Lodging, meals, and tackle are included. Although equipment is provided, participants can bring their own. Participants are also encouraged to bring an ice chest in order to take their catch home.
